

Coastal Community Beach Hut

Margate Main Sands

The “Coastal Community Beach Hut” is a place that local community groups can meet to enjoy the beach and access the natural coastline. It is particularly suitable for young families & small community group visits and is packed with various resources for enjoying this natural open space.

If you would like to plan an event, or book in your group, please contact us on: thanet.coast@thanet.gov.uk

The Beach Hut facility is run by the Thanet Coast Project and Thanet Council, and was set up through support from Access to Nature/Changing Spaces Big Lottery Fund, and now run with support from the Coastal Communities Fund.

The North East Kent Coast is one of the best sites in Europe for wintering birds, and marine life of the chalk caves, reef and sandy bays.

Please follow the Thanet Coastal Codes

Local people have helped draw up voluntary codes to help safeguard coastal wildlife, while allowing people to enjoy their activities:

Respect Coastal wildlife

Consider other users

Stay safe on the beach

Be environmentally friendly

See www.thanetcoast.org.uk for codes on the seashore, bait digging, shellfish harvesting, dog walking, horse riding, field trips, shore angling, power-craft and wind-powered activities.

Tread carefully on the chalky shore - it's my home!

Take photos, and not my mates, home!

Avoid scaring my coastal feathered friends - they need rest at high tide!

Please take your rubbish home with you or use the bin provided!

Water Safety in Thanet

- Spot the dangers
- Take safety advice
- Don't go alone
- Learn how to help

The Water Safety in Thanet video can be viewed online at www.thanetcoast.org.uk
