#### Event Information

**Event name:** Thanet Coast Project - Public Events 2024

**Event description:** These events are the Thanet Coast Project's (TCP) small public events programme for 2024. These are educational events aimed at raising awareness & helping with interpretation of local marine wildlife and geology of the North East Kent Marine Protected area (NEKMPA) on the Thanet Coast. Thanet Council landowner responsibility is to help raise awareness of the importance of the nature conservation designations (SAC; SPA; MCZ; SSSI) of the coastline and keep it in a favourable condition. These events are an ideal way to engage with the local community and visitors about local shorelife, and the beach cleans involve people directly in practical action.
